## Consider this example:

Average retirement income **with** financial advice **£24,175**

This is **40% higher (£7,007)** than without financial advice

Over a 21-year retirement, this means having an **extra £147,147**

## Our clients enjoy the extra value we add

As well as our proven, industry-leading core services such as retirement, investment, mortgage and insurance solutions, we also add value for you at planning meetings because:

### ✓ We put you and your objectives first

We **consider your existing plans and any debts** before we add any new plans and check if you have had any changes in your income or capital wealth that could impact your tax situation.

We'll also reassure you that any potential risks linked with your assets and liabilities **match your personal appetite**.

### ✓ We keep your plan up to date

We'll explain how new **announcements in the UK Government Budget could impact you** through welfare, income, capital or inheritance tax changes and give you important **reminders to avoid missing out on valuable tax allowances** on solutions such as ISAs.

### ✓ We help you make the most of your assets

For when you want to spend or pass on your wealth we make sure your assets and loans are in the right name, ownership and tax shelter, so that you don't pay too much tax.

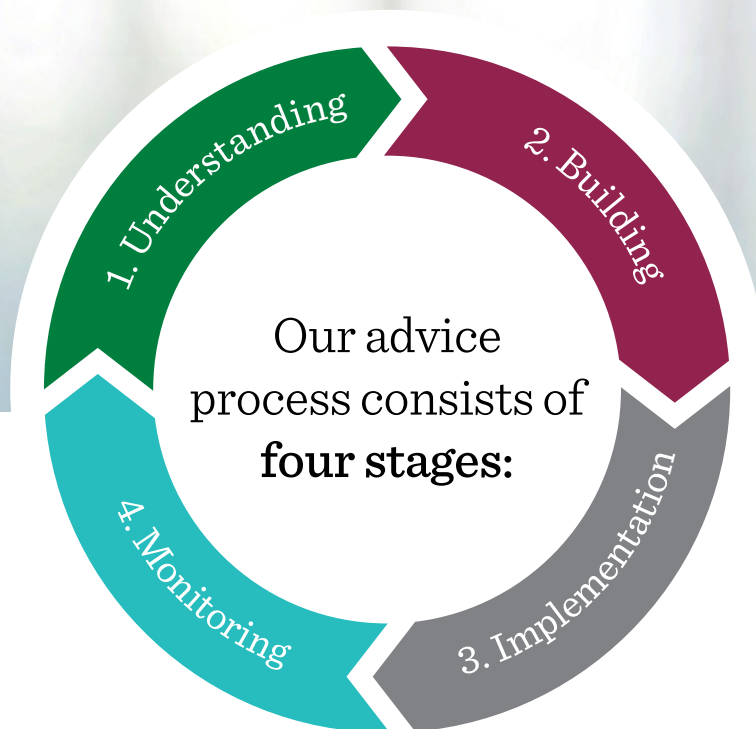

We will work with you to get back the money you are owed, such as pension-related **tax relief** and **rebalance your portfolio** to make sure you don't miss out on appropriate returns, and are always **comfortable in your risk profile**.

**Rebalancing your portfolio** is when your investment manager buys or sells assets (e.g., stocks or bonds) to adjust your portfolio's risk profile so that it matches your risk appetite whilst maximising your opportunity for returns. You may be recommended to rebalance after market conditions change due to current events.

# Our process for quality advice

*We've worked hard to develop a rigorous, advice process that helps us deliver the right, bespoke solution to your needs and requirements.*

## 1. Understanding

First, we meet with you to understand your existing plans and your financial objectives so that we can help you achieve them. This allows us to offer you the right advice and service that meets your objectives and matches your risk and return preferences.

## 2. Building

We offer you evidence-based and personalised recommendations that build on your current plans using our robust research capability. We investigate different financial scenarios so that you can be confident in achieving your objectives.

## 3. Implementation

Like most of our clients, you may choose for us to implement your plan for you. By working on your behalf with the provider or lender, we can save you time and effort, and ensure your plans are set up correctly.

Alternatively, you can implement our recommendations yourself, with advice and guidance from us. We'll ensure our fees for this are made clear to you.

## 4. Monitoring

We know our clients benefit from regularly reviewing their financial objectives with us so that we can make sure that they're still on track. We recommend scheduling regular progress checks to make sure that your plans aren't affected by changes in law, tax, or the economy.

We also contact you with information and suggestions that we feel are directly relevant to you and your plan.

You're not obliged to implement any of our recommendations. You're always free to choose what you would like to do.

# The benefits of restricted financial advice

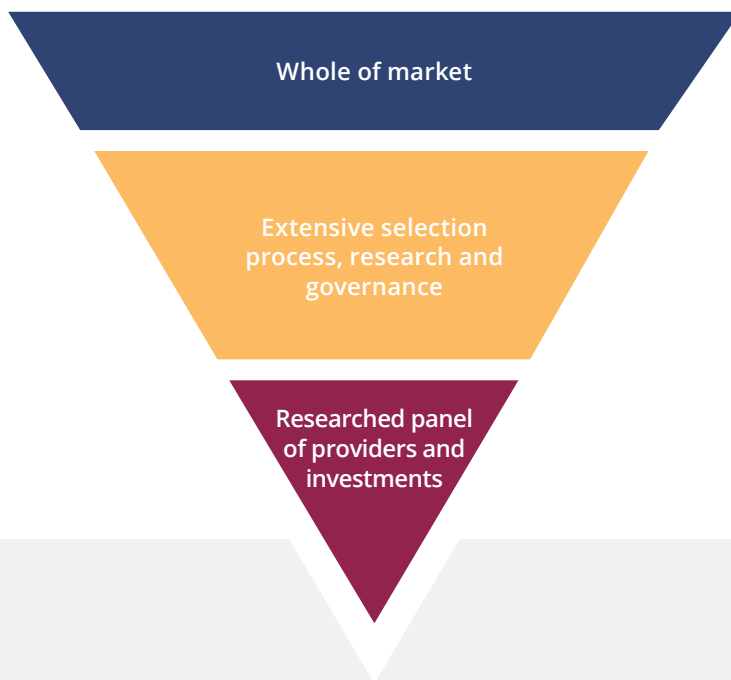

Like many financial advice firms, our experience with clients has shown that restricted advice that offers tailored, carefully selected solutions from a researched panel of providers is a highly effective method of providing you with top-quality recommendations.

## Why do we provide restricted advice?

We use Quilter's expertise and research to offer a curated range of products and providers, keeping costs low and service high.

**Restricted advice** means that we will only recommend solutions from a list of suitable solutions in the market that we've found through in-house research and analysis.

## So, how do you benefit from our restricted advice?

**Reduced costs/fees** – As we use the in-depth market research and analysis carried out by Quilter, we do not need to conduct this ourselves, allowing us to reduce our costs and give you better value when determining our fees.

**Better value solutions** – Quilter is able to use its scale and buying power to drive down the costs with the selected providers, helping you to benefit from lower costs and great value products.

**Reassurance from third party experts** – By offering advice from a researched panel of solutions from the whole of the market, you can be confident that our recommendations have already been vetted by experts.

**Flexibility if you need it** – you get all the benefits of a restricted model but with the flexibility to still have a solution from the wider market if the researched panel of solutions don't exactly match your needs.

# Our professional relationship with you

*These are our promises to you.*

## As your financial adviser, we will:

Maintain a high level of professionalism by always acting to deliver good outcomes for you, as set out by our regulator, the Financial Conduct Authority.

Deliver a fully comprehensive, high-quality service for you that you will truly value.

Inform you of any potential conflicts of interests.

## To help us give you the most appropriate financial advice, we ask that you:

- ▶ Let us know if we can further clarify any of our recommendations, so that we can ensure you get the full service you deserve.
- ▶ Speak to us if our service has not met your expectations. Hearing how we've performed means that we can put it right for you.
- ▶ Always ensure you provide us with accurate information and let us know when this changes.

**You can rest assured that as your financial adviser,** we are committed to giving you the best possible experience at every stage of our relationship with you.

# Our ongoing service across your financial life

*We offer a flexible and proactive ongoing service, that ensures your financial plans are tailored and up to date. Here's how it works:*

## Researched and designed for you

Based on extensive and ongoing research and experience of what our clients value, we have created ongoing service packages that we believe add value to our clients.

## You can tailor your package

Some clients may require more regular meetings than others, or want more in-depth advice at a particular time, and as such we can also cater for those needs as required.

## Value based service

We know that it is you who will be the judge of the value we add. To help that clarity, we'll let you know the fees involved and how you can pay them.

You do not have to choose an ongoing service with us, but we recommend regular reviews to track your progress and avoid missing out on valuable tax allowances.

## How we maintain and refine your plans over time:

### ✓ We keep you informed

We make sure you're up-to-date on news that is most useful to you such as new ISA allowances.

### ✓ We actively monitor your plans

We review your plans to make sure that you are still on track to meet your objectives.

### ✓ We arrange check-ins

We monitor for tax and legislation changes to ensure your income and wealth are protected. We'll update you on any impacts to you in your financial planning meeting (in person or via digital meetings), where you can share any personal changes in your objectives with us.
